Rapid
Reduce • Reuse • Recycle

Quality policy Rapid Granulator

- Rapid shall be market leader in understanding the demands of the market. Rapid shall offer and develop tailormade solutions meeting the present and the future needs of the customer.
- Rapid shall support the customer during the whole life cycle of the product.
- Rapid shall always be the best investment for shredding- & granulation solutions.
- Rapid work continuously with continuous improvements in all processes to meet the requirements of customers, legal requirements and the requirements of interested parties relevant to the company.
- Each employee shall always be customer focused and committed to quality excellence.

Quality is when we can identify the needs of the customer and meet or exceed them.
